1. The Naval Technical Staff, Karlsruhst, was particularly nervous in early October because of a war scare resulting from the weekly political orientation talk when it was stated that the US was preparing for an offensive action in the near future. Current work, including Hs 293 Steering Training Equipment, was rushed to completion and shipped to Moscow by plane on 8 October. The staff worked night and day.
2. The panic was not shared by the Air Corps Technical Staff.
